

LC30 GRENADIER

40mm low velocity grenade sight
Bore sight to 350m

FROM RING SIGHTS

DEVELOPMENT

Ring Sights LC-30 Grenadier is a development of the proven range LC-30 based Grenade Sights enabling first hit probability in any lighting conditions to the ballistics full range.

DESCRIPTION

- Solid glass construction for excellent durability and repeatable precision with no chance of internal misting.
- Can be used day or night and is fully NVG compatible.
- LV 40mm Grenades from 0-350m in 25m increments.
- For consistent shooting the tilt of the weapon is of great importance, with a built in accelerometer, the aim point flashes when not held vertical +/- 1.5 degrees is our standard but this can be to the customer's preference.

- The reticule is coming from infinity so both eyes may remain open for full spatial awareness.
- Custom reticules for specific weapon ballistic characteristics.
- Can be mounted on vertical or horizontal weapon rails.
- Eye relief 80-150mm.
- Custom mounting for stand alone or as a UGL to suit the weapon's configuration or with the customer's chosen rifle sight.
- Minimal forward signature.
- Only illuminates when the weapon is in the firing position, auto sleep modes for battery conservation.
- Clamping and zeroing, rock solid construction windage and elevation each click 100mm at 100m.
- Mechanics are made from high grade black anodised aluminium and black stainless steel fasteners.
- Optical range finding by stadia posts at each range to simulate a stooping man 1.5m
- Battery ½ AA 3.6v SAFT lithium thionyl for the best temperature range, CR123 optional. Battery life depends on sleep times the customer requires but a realistic time between changes of 1 year.
- Weight: varies to the mount required but 300-350 grams to be expected.
- The zeroing base can be used for laser torch etc if the LC-30 is not fitted.
- Silicon rubber hoods if required.
- IP7 dust and water resistant.
- Drop tests completed on Steyr Aug & Madritsch ML40.
- Production: as required subject to export control.
- Standard trial sights available at cost.
